

# SPOT CORE™

Spot CORE is a featured payload that provides dedicated processing power for applications requiring on-robot computation. The CORE payload package comes with a GXP, cable protector, and mounting kit for easy attachment to the robot. Use the CORE to process data from custom sensors in real-time.

## FEATURES

Ports:  
USB 3.0 (x3)  
USB 2.0 (x2)  
HDMI  
Ethernet  
RS-232  
DisplayPort (x2)

Power Adapter  
DC 12 V, 5A, 60W

## SPECIFICATIONS

Length	250 mm (9.8 in)	Motherboard	i5 Intel® 8th Gen (Whiskey lake-U) Core™ CCG Lifecycle
Width	190 mm (7.5 in)	Memory (RAM)	16 GB DDR4 2666 MHz
Height	84 mm (3.3 in)	Primary Storage	512 GB SSD
Net Weight	2000 g (4.4 lbs)	Operating System	Ubuntu Desktop 18.04 LTS 64-bit
		Security	TPM 2.0 disk encryption
		Operating Temp	0 to 50°C
